This site provides learning tools for K-12 students, parents, and teachers. These resources will teach how our government works, the use of the primary source materials of GPO Access, and how one can use GPO Access to carry out their civic responsibilities. And, just as GPO Access provides locator services to U.S. Government sites, Ben's Guide provides a similar service to U.S. Government Web sites developed for kids.

## **Congress for Kids:**

Congress for Kids gives you access to interactive, fun-filled experiences designed to help you learn about the foundation of our federal government and how its actions affect you. Although designed for students in grades fourth through high school, other students, teachers, parents, and interested citizens will find helpful, engaging activities, too.
